Curt Smith	"Working with Digital Photos" – I will come to your home for one hour to provide instruction and assistance in working with your digital photos using your digital camera and your computer. If you have photo-editing software, I will help you crop, size, organize and store your digital pictures. I will also provide some instruction on how to prepare pictures for e-mails, how to post them on web services such as Facebook, and how to upload pictures for on-line prints.	\$40.00	Silent	126
